AMBROSE FOURSOME - TOURNAMENT INFORMATION

AMBROSE FOURSOME - TEAM HANDICAPS:

Each flight of maximum 4 players shall make up one team. The teams **handicap** shall be the total of each players handicaps divided by 8. (e.g. four players having handicaps 10, 14, 16 and 24 the calculation shall be as follows; $10+14+16+24=64$, $64 / 8 = 8$, therefore the teams handicap for the day shall be 8. (In case of a team of 3 the total shall be divided by 6)

The lowest handicapper in each team shall be the team Captain and will be responsible for adherence to all rules and regulations, scoring and marking the card.

AMBROSE FOURSOME - MODE OF PLAY:

Each team member shall Tee off at each hole. The team shall decide which drive is in the best position, not necessarily the longest or straightest, and the four players shall hit from that position. The chosen ball position must be marked within 12 inches and the other team members shall place their balls in turn within one(1) club length of that position, when on the green the ball shall be placed within 6 inches(one hand span). The ball shall not be placed nearer to the Pin. The balls must be placed in an area of the same condition as the first ball, i.e. if the ball is in the rough the teams balls must be placed in the rough also. The same applies to fairways, fringes, bunkers, hazards etc. throughout the course. The above routine shall be undertaken for all subsequent shots until the ball is holed out.

MINIMUM OF TWO DRIVES PER PERSON:

Just to keep it interesting we'll use modified Scramble rules. Each team **MUST** select at least **TWO** drives from each team member throughout the 18 holes. This only applies to the **DRIVE** subsequent shots may be selected from any player.

CLUBS:

Players in one team may share clubs and one(1) bag per buggy is allowable (in case players do not own clubs). Hire clubs are also available at the Proshop.
